PIANC AMERICA 2023 CONFERENCE & BIENNIAL TECHNICAL VISIT (BTV)

24-28 APRIL, 2023

FORT LAUDERDALE, FLORIDA, USA

Hosted by the US Section of the
World Association for Waterborne
Transportation Infrastructure

WHAT IS PIANC?

When founded in 1885, PIANC was the Permanent International Association of Navigation Congresses. Over time, the association changed its name to "The World Association for Waterborne Transport Infrastructure", but retained the PIANC acronym. PIANC USA is the United States National Section of PIANC.

Since 1902, PIANC USA members have worked with experts from around the world to advance sustainable development of maritime and inland navigation infrastructure through international exchange and publication of expert technical information on port and waterway development.

PIANC is committed to fostering progress in all fields related to waterborne transportation through the professional expertise and collaboration of its international membership.

PIANC USA contributes groundbreaking innovations to the planning, design, construction, improvement, maintenance and operation of ports and waterways.

PIANC USA Member Benefits:

- Participation in International Technical Working Groups
- Networking
- Sailing Ahead and PIANC USA Digital Newsletters
- International Membership Directory
- Free access to PIANC Technical Reports
- Complimentary or Reduced Registrations to Conferences and Workshops
- Professional Recognition Awards and Scholarships
- Young Professional (under 40) Development
