Ship Collisions due to the Presence of Bridges

INCOM
Report of WG 19
2001

INTERNATIONAL NAVIGATION ASSOCIATION

1. **INTRODUCTION**
PREFACE.
ACKNOWLEDGMENTS
MEMBERS OF INCOM - WG19 4
PURPOSE AND AIMS
METHOD OF WORKING
MEETINGS HELD BY WG 19
RECOMMENDATIONS FOR FURTHER RESEARCH
2. **CURRENT PRACTICE IN DIFFERENT COUNTRIES REGARDING DESIGN WITH RESPECT TO THE RISK OF SHIP-BRIDGE COLLISION**
 - 2.1 Introduction
 - 2.2 Bridge design codes in different countries
 - 2.2.1 General
 - 2.2.2 United States

2.2.3	Sweden
2.2.4	Norway
2.2.5	France
2.2.6	Germany
	Eurocode
2.3	Navigational aids for preventing ship-bridge collision
2.4	Typical design solutions for reduction of consequences of collision
3.	THE DATABASE
3.1	Introduction
3.2	National data acquisition
3.3	Results derived from the database
3.3.1	Average number of collisions
3.3.2	Cause of collisions
3.3.3	Number of fatalities
3.3.4	Damage level
3.3.5	Some influence factors with regard to the very serious collisions
3.3.6	Some statistics of all collision accidents
3.4	Some tentative concluding remarks
4.	PROBABILITY MODELS
4.1	Introduction
4.2	AASHTO
4.3	IABSE
4.4	Eurocode
4.5	Major bridge crossings in the UK
4.6	Model applied to German bridge collision
5.	PROCEDURE TO DERIVE BASIC PROBABILITIES
5.1	Introduction
5.2	The integrated probabilistic model-theoretical formulation
5.3	The integrated probabilistic model-practical application
5.3.1	River Main and Mosel
5.3.2	Nieuwe waterweg
5.3.3	River Thames (Port of London)
5.3.4	River Seine in Paris
5.3.5	Drogden channel
5.3.6	Comparison of the results and conclusions
6.	SAFETY CRITERIA
6.1	Introduction
6.2	Definitions
6.3	Relationship with the probability of structural failure
6.4	Review of some safety criteria, specific for the design of bridges against failure due to ship collision
6.5	Review of some general, individual, societal and structural safety criteria
6.6	Conclusions
7.	THE DESIGN DECISION:AN ECONOMIC OPTIMISATION
7.1	General
7.2	Human safety
7.3	Damage assessment
7.4	Simple example
8.	GENERAL CONCLUSIONS AND RECOMMENDATIONS
