## Dangerous cargoes in ports

MARCOM

Report of Working Group 35  
2000

INTERNATIONAL NAVIGATION ASSOCIATION

- 0 INTRODUCTION**
- 0.1. Definitions
- 0.2. General principles on planning
- 0.3. Rules and recommendations for operations
- 0.4. Responsibilities
- 0.5. Training
- 1 RISK ASSESSMENT**
- 2 PORT PLANNING**
- 2.1 Land use planning
- 2.2 Port planning

- 2.2.1 Main characteristics to be taken into consideration for ports designated to the traffic of dangerous cargoes
- 2.2.2 Port activities related to dangerous cargoes
- 2.2.3 Factors to take into consideration when planning the use of land
- 2.2.4 Zoning criteria
- 2.3 Operational planning
  - 2.3.1 Escort Tugs
  - 2.3.2 Liquid bulk terminal regulations
- 2.4 Health and safety
  - 2.4.1 Inspection of dangerous cargoes
  - 2.4.2 Emergency measures
  - 2.4.3 Health and safety education
- 3 CONSTRUCTION**
  - 3.1 General considerations
  - 3.2 Points of interest in executing projects
    - 3.2.1 Access channel
    - 3.2.2 Land access
    - 3.2.3 Berths
    - 3.2.4 Terminals and land zones
- 4 EMERGENCY RESPONSE**
  - 4.1 Dangerous cargoes information system
    - 4.1.1 The PROTECT initiative
    - 4.1.2 Basic principles of the information system
    - 4.1.3 The three main functions of the dangerous cargoes information system
  - 4.2 Emergency response plan
    - 4.2.1 Alert procedure
    - 4.2.2 Organisation of the rescue operations
    - 4.2.3 Geographic data, water and population resources, identification of the elements involved
    - 4.2.4 Risk evaluation
    - 4.2.5 Internal & external resources
    - 4.2.6 Scenarios of training drills

- ANNEX I : List of abbreviations
- ANNEX II : General bibliography
- ANNEX III: Bibliography for specific traffic
- ANNEX IV: Standard check list for container/trailer inspection on dangerous cargoes
- ANNEX V : Action classification
- ANNEX VI: Technical requirements for areas designated for the handling and intermediate keeping of dangerous cargoes in ports
- ANNEX VII : Example of EDI exchanges for dangerous cargoes between different authorities: the European HAZMAT directive and its implementation at national and European level
- ANNEX VIII : Example of an alert message
