PIANC REPORT N° 149/part I
RECREATIONAL NAVIGATION COMMISSION

GUIDELINES FOR MARINA DESIGN

2016

PIANC has Technical Commissions concerned with inland waterways and ports (InCom), coastal and ocean waterways (including ports and harbours) (MarCom), environmental aspects (EnviCom) and sport and pleasure navigation (RecCom).

This report has been produced by an international Working Group convened by the Recreational Navigation Commission RecCom). Members of the Working Group represent several countries and are acknowledged experts in their profession.

The objective of this report is to provide information and recommendations on good practice. Conformity is not obligatory and engineering judgement should be used in its application, especially in special circumstances. This report should be seen as an expert guidance and state of the art on this particular subject. PIANC disclaims all responsibility in case this report should be presented as an official standard.

PART 1

- 1 – Scope and General** (Elio Ciralli, Esteban Biondi, Sip Meijer, Thomas Pehlke)
- 2 – Recommended Design Approach** (Mike Chemaly, Esteban Biondi, Sip Meijer)
- 3 – Surveys and Investigations** (A. Capote)
- 4 – Vessels Characteristics** (Simon Burchett, Thomas Pehlke)

Plan of the entire report – in bold the parts already published

PART 1 – CHAPTERS:

- 1 – Scope and General** (Elio Ciralli, Esteban Biondi, Sip Meijer, Thomas Pehlke)
- 2 – Recommended Design Approach** (Mike Chemaly, Esteban Biondi, Sip Meijer)
- 3 – Surveys and Investigations** (Alfonso Capote)
- 4 – Vessels Characteristics** (Simon Burchett, Thomas Pehlke)

PART 2 – CHAPTER:

- 5 – Marina Protection and Coastal Aspects** (Jack Cox, Elio Ciralli)

PART 3 – CHAPTERS:

- 6 – Master Plan Development
- 7 – Layout of Water Areas
- 8 – Layout of Landside Facilities

PART 4 – CHAPTERS:

- 9 – Design Criteria and Loading Conditions
- 10 – Berthing Systems
- 11 – Utilities
- 12 – Materials
- 13 – Aids to Navigation
- 14 – Emergency Equipment

PART 5 – CHAPTERS:

- 15 – Disabled Access
- 16 – Superyacht
- 17 – Operations and Maintenance
- 18 – Environmental Issues and Sustainability
- 19 – Architecture and Landscaping
- 20 – References, Standards and Bibliography

TABLE OF CONTENTS

1	Scope and General	5
1.1	Forewords	5
1.1.1	Terms of Reference	5
1.1.1.1	Historical Background – Definition of the Problem	5
1.1.1.2	Objective of the Study	5
1.1.1.3	Earlier Reports to be Reviewed	5
1.1.1.4	Matters to be Investigated	5
1.1.1.5	Method of Approach	6
1.1.1.6	Suggested Final Product of the Working Group	6
1.1.1.7	Desirable Disciplines of the Members of the Working Group	6
1.1.1.8	Relevance for Countries in Transition	6
1.1.2	Composition of RecCom WG 149	6
1.1.3	Chapters and their Authors	6
1.1.4	Information about the Contributing Members of WG 149 to the Parts Already Published	7
1.1.5	Final Editing Committee	7
1.1.6	Meetings	8
1.2	Introduction	8
1.2.1	Aim of the Report	8
1.2.1.1	Marinas	8
1.2.1.2	The Marina Designer	9
1.2.1.3	Report Writing Approach	9
1.2.1.4	Audience	9
1.2.2	Brief History	10
1.2.3	Structure of the Report	10
1.2.4	Related Documents	10
1.2.4.1	PIANC Reports	10
1.2.4.2	International Marina Design Standards and Guidelines	12
1.2.4.3	Other Comprehensive Marina Design Publications	12
1.2.5	Disclaimers	12
2	Recommended Design Approach	14
2.1	Introduction	14
2.2	Initial Information Review	15
2.3	Marina Market Study	15
2.4	Marina Layout Options Development	17
2.5	Environmental Impact Assessment (EIA)	18
2.6	Preliminary Design	19
2.7	Detailed Design and Tender Documentation	20
2.8	Tender Process and Contractor Selection	21
2.9	Construction and Site Supervision	21
2.10	Operational and Maintenance	22
3	Surveys and Investigations	24
3.1	Field Works	24
3.1.1	Boundary Conditions	24
3.1.2	Topographic	24
3.1.3	Bathymetric and Oceanographic	25
3.1.4	Geotechnical	26
3.1.5	Hydraulic	27
3.1.6	Environmental	28
3.2	Studies	29
3.2.1	Local Rules and Regulations	29
3.2.2	Wind	29
3.2.3	Waves	30
3.2.4	Water Levels and Tides	31
3.2.5	Currents	32
3.2.6	Sediments	32
3.2.7	Environmental Impact Studies	33

3.2.8	Expected Vessel Sizes and Quantities.....	34
4	Vessel Characteristics.....	36
4.1	General	36
4.1.1	The information presented is intended to provide international coverage and has been drawn from a range of geographic sources. It is however vital to note that regional and site specific considerations should always take precedence over any information presented herein.	36
4.2	Vessel Types	36
4.3	Dimensions	37
4.3.1	Beam to Length Ratio	37
4.3.2	Height to Length Ratio	39
4.3.3	Draft to Length Ratio.....	39
4.4	Displacement	40
4.5	Wind Area	41
4.6	Berthing and Navigational Considerations	41
